

JAY BALAJI POLYTECH INDUSTRIES PRIVATE LIMITED

About Us

We are a manufacturer of plastic reprocess granules from plastic waste. Our mission is to recycle and repurpose plastic waste into high-quality granules that can be used to create new products. We cater to our clients' needs by providing granules in various colors and specifications. Our dedication to sustainability and innovation sets us apart in the industry. By focusing on customer requirements and quality, we aim to contribute to a circular economy and reduce plastic pollution.
